CENTRAL SENIOR SCHOOL

November 1, 2026

Dear Central Senior Families,

Time is flying by! It has been a very busy two months with many wonderful things happening and plans for many more on the way. Students have been working hard in classrooms and teams and representing our school well. The cross country team had several recess training sessions and students were dedicated to success. We had many wonderful finishes including Ellie A placing 1st in the junior girls division. As a team, Central also won 1st overall for senior boys. Way to go Central!

Soccer Teams were also successful this season. Both intermediate teams played at Dr George Hall and Langton. They battled hard and maintained their composure. The Junior team went to Fenelon Falls and had a great day. Congratulations on your success!

Central hosted a Book Fair this past week. It was well received and was accessed by all students and staff. Thank you for your support! Proceeds will go to purchasing new books for our library. If you are looking to continue supporting our teachers and school with Scholastic book purchases, please reach out to your child's teacher to get a code.

Here are a couple teachers upfront
Mme Steffler - RC205030
Mme Raines - RC127115
Mme Ellis - RC127287

Students practice their calm and flexibility with Katie from WOW Yoga. Something a little different than the usual but it was well received and the students were very welcoming.

This year for Halloween we approached things a little differently. Classrooms chose their own activities for the day and we all came together to finish the day with a dance. Many great costumes were donned and fun was had by all.

To wrap this up, there are many things to look forward to in November. Please check our website(https://css.tldsb.on.ca/), the calendar is located th
exciting things.

Families are invited to join us for the assembly, we will start at 10:15 and it will run until 10:45.

Progress Reports and Interviews
Progress Reports will be sent home on Friday November 13th after school. A separate document with links to book your interview will be sent home by SchoolMessenger. They will be offered from 3:30 to 7:30 on Thursday November 19th. They are scheduled to be in person, however you can request a phone call or google meet as well.

Reading at Home - Fresh Fuell Sponsorship
Please encourage your child(ren) to read at home in French. Although our students are able to decode the text appropriately, many students still do not read fluently enough for comprehension. This is a skill that requires “miles on the page”. We have French books available in the library and in student’s classrooms. We appreciate your support with this initiative. When students have read 25 books in French, they receive a coupon for a free smoothie. There is no limit on the number of smoothies that a student can receive.

Office Closed Daily
The office will be closed daily from 1:30 to 2:00. Please make sure that you have notified your child’s teacher about any pick ups or changes to your schedules during this time frame asked of time.

Hot Lunches
241 Pizza – November 4, 11, 18, 25
BarBurrito – November 5, 12, 19, 26
Loaded Spud was a great success and will be returning December 1st. Ordering available as of November 1st.

Teacher’s Recommendation
Alloprof is a website designed to support student learning, based in Quebec. They have many games to support student learning across various subjects. My favourites for French Language are:
Magimot: for practising French spelling
You can input a list of words for your student to practise. The game will say the word to them to spell. *The website will ask students to sign in, but if you scroll down, you can click “Continuer sans se connecter” to play without an account. (Voca also practises spelling, but provides word lists organized by grade, then by topic)
Conjugo: for practising French conjugation
Choose “Choisir mes verbes” and you can input up to 10 verbs to practise. Under “Choisis mes temps”, it will default to practising the present tense, but if your student is practising a different time, they can choose that instead.
Grimmoire: for practising reading
Students can choose texts that are rated by difficulty. The text appears on screen, but students can also listen to reading. The game gives comprehension questions.
Gommophone: for practising differentiating between homophones

Alloprof also has games for English, Math, and Geography here.
